Daniel R.D. Johnson	3801 Brooklyn Ave NE Apt M301 (907) 942-2347
	Seattle, WA 98105 danieldrdj01@gmail.com

Summary	I graduated high school in 2017 and interned with NASA Ames Research Center during that summer. I completed two years at the University of Alaska Anchorage, and I am currently continuing my education at Seattle Central. I started working with QFC as a deli clerk while acquiring Washington residential status. I obtained the Deli Assistant Manager position in less than six months while maintaining my role for over a year.

Skills and Abilities	*Computer & Programming Skills*

Computer & Programming Skills
- Participated in an internship with NASA Ames Research Center and helped create websites using HTML, CSS, Python and JavaScript code.
- This website is no longer maintained, but the link below details the project and has links to a video demonstration and broken website.
- http://aworldbridge.com/real-time-projects/nasa-europa-challenge/nasa-europa-challenge-helsi-2/
- Courses taken on JAVA, C++, Python, and introductory SQL.
- Course taken on Computer Concepts in Business

Communication & Teamwork Skills
- Experienced with daily communication using in-person and remote methods (face-to-face, Skype, Basecamp, calling, messaging, etc.….).
- Course taken in Technical Communication.
- Teamwork skills built working with others in school, professional environments, and workplaces (College, NASA, Hotels, Delis).

Problem Solving
- Incremental problem-solving skills developed through programming courses and work experience.
- Experience helping customers and coworkers with problems of varying difficult.

Leadership/Teaching
- Experience leading school projects amongst assigned teammates.
- Experience tutoring fellow classmates with difficult assignments.
- Continually managed, taught, and built teamwork within my Deli.
  - Lead trainer for new hires.
